West Godavari Institute of Science and Engineering

Electrical and Electronics Engineering - 72%

2016-2020

vignan english medium school

High School Diploma - 83%

2014-2016

WORK EXPERIENCE

Tata Consultancy Services (TCS)

Frontend Developer

feb-2022

- Worked as a Frontend Developer at TCS since Feb 2022, building responsive user interfaces using HTML, CSS, JavaScript, and jQuery. Maintained websites in Sitecore CMS and developed dynamic features like skeleton loaders, API-based news feeds, and YouTube carousels. Collaborated with cross-functional teams to deliver optimized, user-friendly web solutions. Currently upskilling in React.js and Generative AI tools.

PROJECT

- Tech News Platform: Built a tech news platform integrating articles from both a custom API and the DEV.to API, with features like skeleton loaders, dynamic card layouts, and a responsive UI for a seamless user experience.
- Integrated third-party APIs and implemented reusable UI components to streamline content delivery across platforms.
- Maintained and customized web pages using Sitecore CMS, collaborating with cross-functional teams to deliver scalable frontend solutions.
- Currently enhancing skills in React.js and Generative AI tools to adopt modern development practices.
- Optimized UI performance through techniques like image compression, minifying CSS/JS, and browser caching to improve page load speed and reduce server load.

Skills

- Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), jQuery, React.js (Currently learning), Sitecore CMS
- Version Control: Git/GitHub
- Web Optimization: Responsive Design, Web Performance Optimization
- Basic Backend: Node.js (Basic)
- Other Tools: Swiper.js, API Integration

Other Skills

Teamwork, Communication, Time Management, Problem Solving, Adaptability, Attention to Detail
